January 15, 2012

Saturday afternoon, January 14, 2012, the members of Local 537 rejected Pennsylvania American Water's offer to settle a contract (The Outside Districts) that has now begun three years as unsettled.

"The members were clearly not impressed with the offer" said J. Kevin Booth, President of the Local. " We are weighing our options at this point, however, returning to the table remains an option for us, even though the membership has authorized a strike", Booth continued.

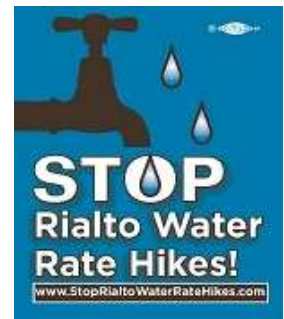

Outside and Pittsburgh District members spending some quality time at Labor Relations Manager's house.

We care about water---
It's how we get rich!

UNITED WE ARE A STRONG UNION!!

Local 537 members are committed in their fight to secure fair contracts with Pennsylvania-American Water. The camaraderie is unique to the Union Movement. We have members sending letters to politicians, making phone calls, and asking when they will be asked to participate in Labor Actions.
